POOL					
No					

Due to the inherent characteristics of natural stone, there may be variations in color, movement, and texture from lot to lot. For detailed installation guidelines, visit akdo.com.

DISCLAIMER: The performance of surface covering products often depends on installation, environmental, and usage factors unique to each project. AKDO is not responsible for any effects that may be caused to products due to installation, wear from use, or exposure to environmental factors including but not limited to: hard water, chemicals, heat, flame, smoke, dirt or other substances. It is your responsibility to assess the project to determine if the product you are selecting is appropriate considering the unique characteristics of your installation, and to apply appropriate, high quality sealers when necessary. Please consult your installer for more information.

Skidmore, Owings & Merrill (SOM) is a global practice of architects, designers, engineers, and planners, responsible for some of the world’s most technically and environmentally advanced buildings and significant public spaces. From the scale of furniture and product design to major regional master plans, SOM’s work anticipates change in the way we live, work and communicate, and have brought lasting value to communities around the world. The firm’s approach is highly collaborative, and its interdisciplinary team is engaged in a wide range of international projects, with creative studios based across the globe. SOM is a carbon neutral business. To learn more, please see som.com for SOM’s Climate Action Report.
