WALL	FLOOR	INTERIOR	EXTERIOR FREEZE/THAW	STEAM SHOWER	WET AREA	POOL
Yes	Yes	Yes	No	Yes, when properly sealed	Yes, when properly sealed	No

*Heat not to exceed 212° F

Water jet mosaics are delicate in nature, and thus, fractures in the tesserae are expected and considered natural. Grout colors may be chosen to match the color of the stone and will reduce the appearance of the cracks.

Due to the inherent characteristics of natural stone and glass, there may be variations in color, movement, and texture from lot to lot. For detailed installation guidelines, visit [akdo.com](https://www.akdo.com).

DISCLAIMER: The performance of surface covering products often depends on installation, environmental, and usage factors unique to each project. AKDO is not responsible for any effects that may be caused to products due to installation, wear from use, or exposure to environmental factors including but not limited to: hard water, chemicals, heat, flame, smoke, dirt or other substances. It is your responsibility to assess the project to determine if the product you are selecting is appropriate considering the unique characteristics of your installation, and to apply appropriate, high quality sealers when necessary. Please consult your installer for more information.
