WALL	FLOOR	INTERIOR	EXTERIOR FREEZE/THAW	WET AREA	STEAM SHOWER	POOL
Yes	No	Yes	No	No	No	No

Heat on metallic glass items not to exceed 293° F

Due to the inherent characteristics of glass, there may be variations in color, movement, and texture from lot to lot. For detailed installation guidelines, visit [akdo.com](#).

DISCLAIMER: The performance of surface covering products often depends on installation, environmental, and usage factors unique to each project. AKDO is not responsible for any effects that may be caused to products due to installation, wear from use, or exposure to environmental factors including but not limited to: hard water, chemicals, heat, flame, smoke, dirt or other substances. It is your responsibility to assess the project to determine if the product you are selecting is appropriate considering the unique characteristics of your installation, and to apply appropriate, high quality sealers when necessary. Please consult your installer for more information.
